## Welcome to Natuseve!

At Natuseve, we are passionate about providing eco-friendly tableware solutions that not only reduce plastic waste but also enhance your dining experience. Our products are crafted from compostable bagasse, offering a sustainable alternative for conscious consumers.

### Why Choose Natuseve?

#### ★ Eco-Friendly

Our products are made from compostable bagasse, helping to reduce plastic pollution and support a healthier planet.

#### ★ Durable and Stylish

Natuseve's tableware is perfect for any occasion, offering both durability and elegance.

#### ★ Convenient and Versatile

Microwave-safe, sturdy, and ideal for both hot and cold dishes, our tableware meets all your dining needs.

# Our Product Range

## PLATES

7-Inch and 12-Inch Plates – Ideal for everything from snacks to full meals.

## BOWLS

200ml and 300ml Bowls – Perfect for soups, salads, and desserts.

## TRAYS

3-Compartment and 5-Compartment Trays – Great for balanced, on-the-go meals.

## CONTAINERS WITH LIDS

Secure and eco-friendly, ideal for storing and transporting food.

# How It Works

## From Nature

We use bagasse, a byproduct of sugarcane, to create our eco-friendly tableware.

## To Your Table

Our products are designed to provide convenience without compromising the environment.

## Back to Nature

After use, our tableware composts within 180 days, leaving no harmful residues.

## Mission and Vision

### MISSION

Natusever's objective is to give environmentally concerned consumers with sustainable alternatives to standard tableware. We want to reduce plastic waste and safeguard the environment by providing high-quality, biodegradable items that support sustainable living.

### VISION

Our goal is to pave the path for sustainable dining solutions, inspiring individuals and businesses to make ecologically conscious decisions. We foresee a future in which every meal is served on eco-friendly tableware, helping to create a better planet for future generations.

Connect with Natuserve and join the green dining revolution. Together, let's create a greener, healthier future for generations to come.

**"Be a part of saving nature through nature – Natuserve"**
